C
CHELSEA
centro
200 WEST 26TH STREET

Chelsea Centro is a luxury address that brings a new edge to the heart of New York's most dynamic residential neighborhood. Designed by Manhattan's preeminent residential architect, Costas Kondylis, Chelsea Centro soars above Seventh Avenue, rising in a series of elegant tiers and setbacks to a majestic crown of terraced penthouses 19 stories above the rooftops of Chelsea. With oversized windows, sleek pedestal sinks, and gleaming

hardwood floors, the residences at Chelsea Centro are celebrations of space, light, and clean contemporary design. And when you're not eating out or ordering in, the kitchens provide abundant culinary inspiration, with imported granite counters, Shaker-style glass-paneled cabinets, and high-end Whirlpool appliances. For those who appreciate cutting-edge design and luxury finishes, Chelsea Centro is the perfect match.
